

# The Handwriting Clinic

## MOVING TO NEW LOCATION!

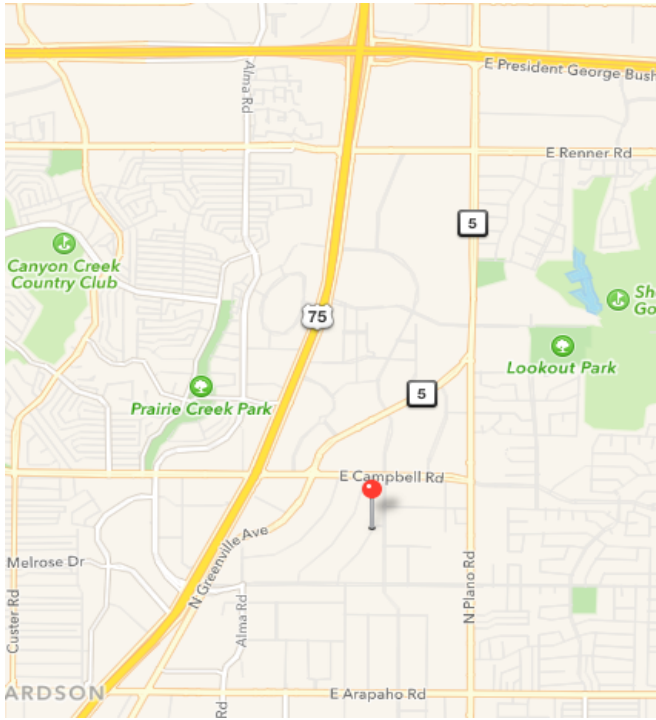

We will be moving to our new location at the end of the month. Because the new location is a complete remodel and requires build-out, we do not have a confirmed date yet for when we will be moving.

We would like to move the weekend of February 20/21, and be able to start classes and private therapy at our new location on February 22. However, it looks like we will not

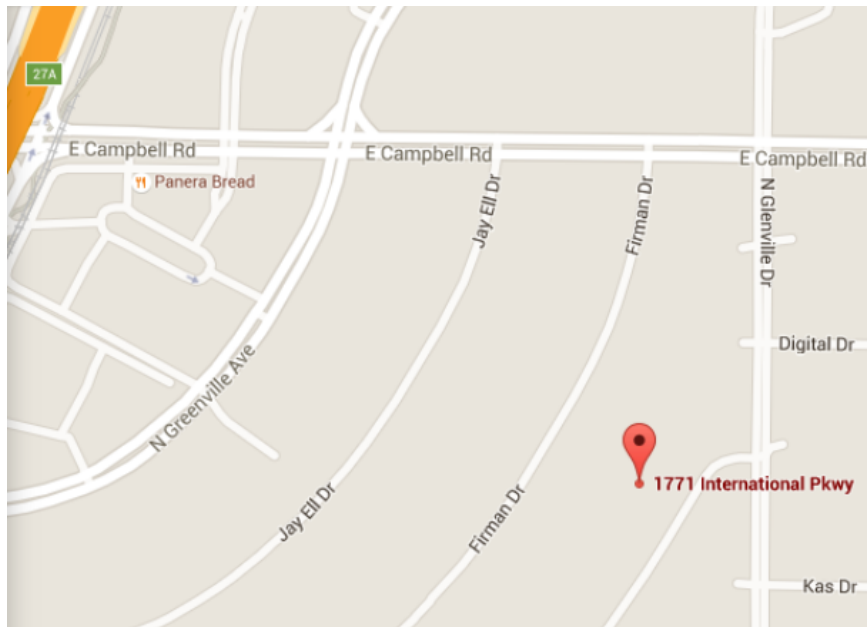

get a confirmed date until right before we would expect to move due to inspections, build-out, etc. If we do not move that weekend, we are confirmed to move the next weekend, Feb 27/28, and would start classes and therapy at the new facility on Monday February 29. **We will post our confirmed date on our website, as well as email the parents of all current students.** Please check our website for the confirmed start date at the new location.

The new location will be a larger facility. Richardson is undergoing major urban renewal, and this is a very nice area! For the kids, there is a Yumilicious, and new ice cream shop called Sweet Mix within blocks of the new facility.

From Central Expy, go east on Campbell. Take a R on Glenville Dr. Then take a R on International Parkway. It is easy to find the clinic once you find the location of this business park. We are the building that has the numbers 1771 on the front. If you see 1771 – that is our building! The door is around the corner of the building by the center courtyard.
